

# SWIFT gpi PRODUCT CARD

## PAYMENTS & RECEIVABLES Cash Management

**SWIFT gpi (Global Payment Innovation) improves the customer experience for BNP Paribas corporate treasury professionals by making international wire transfers faster and more transparent.**

### ➤ Your needs

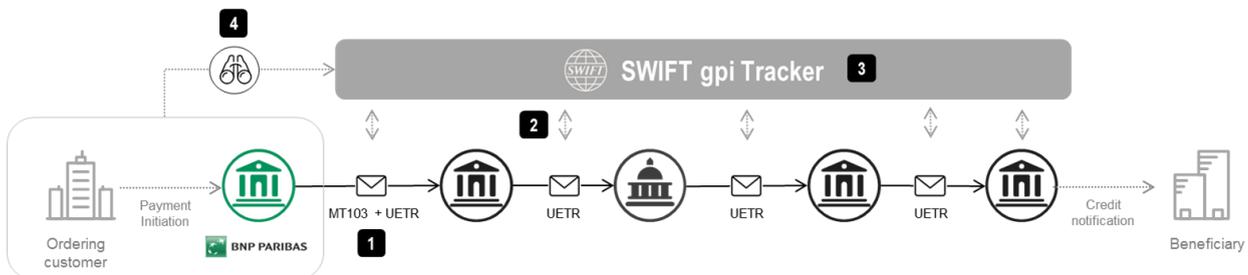

You are looking for faster, more transparent, and traceable international payments.

### ➤ Benefits offered through SWIFT gpi

SWIFT gpi allows for real-time, end to end tracking of payments. The tracker gives transparency regarding the fees charged & FX rates applied and guarantees unaltered remittance information.

### ➤ How does SWIFT enable gpi

1. Ability to track payments individually via a Unique End-to-End reference, UETR
2. Collect the payment status, the routing used and the fees (incl. FX) at each processing step for each bank
3. Enforce and monitor strong Service Level Agreements (SLA)
4. Enable access to the tracker information
